

Product Overview

The expert for health and body care products

In 1994, pjur group started offering lubricants in Germany. Today, the company's product range comprises more than 40 health and body care products, grouped together in six different product categories. There are products for private and medical use (e.g. to counter vaginal dryness), for couples who have been together for a few weeks or many years, for massages or love play, for novices and for experts the pjur product line is as diverse and as individual as love itself. The most important priority for the company is to offer products of the highest quality with the best ingredients. That is why pjur products stand for pure pleasure.

Excellent quality "Made in Germany"

The pjur products are being produced exclusively in Germany, and they are subject to strict quality and safety management. The company's dedication to quality is reflected in the certification. All medical lubricants are CE certified, and, in addition to that, the entire range of pjur products has been dermatologically tested and approved.

The success of pjur validates the company's approach. Several products bear the seal of quality of renowned German consumer magazines:

- pjur® med PREMIUM Glide, rated "Excellent" (dermatest, 11/2011)
- pjur® med REPAIR Glide, rated "Very Good" (ÖKO-Test, 10/2010)
- pjur® Aqua, rated "Very Good" (Stiftung Warentest, 12/2007)

Six product categories for carefree fun

Love knows no age – but every now and then, the body needs a little help to increase the female lust, to care for hyper-sensitive skin or mucosa, to counter potency problems, to stave off vaginal dryness, or simply to enjoy a relaxing massage. pjur offers more than 40 products in six categories to ensure that carefree pleasure and diversity make the world's greatest pursuit even greater.

Product Categories

- lubricant and massage gels on silicone and water basis
- lubricants and sprays with natural ingredients
- stimulation and delay products
- scene-specific products
- hygiene products "med clean"
- condoms

Product Overview

Advantages of silicone-based pjur lubricants

The silicone used by pjur group is always of the highest quality and lives up to the strictest purity requirements (CE certification). The lubricants don't dry up, are breathable, and form a protective layer on the skin. Moreover, they are:

- free of preservatives
- free of perfume additives - taste- and odourless
- free of artificial flavourings
- latex condom safe
- with a longlasting lubricating effect
- leave the skin silky smooth
- very good for body massage

Advantages of water-based pjur lubricants

The pjur products with the "Aqua" sign are lubricants on water basis. These products have highly lubricating properties and leave no sticky film after they have been absorbed by the skin and mucous membranes. The pH value is adjusted in order to suit dry and sensitive skin and to protect it from moisture loss. All Aqua gels are CE-certified. Apart from being highly efficient, these lubricants are also:

- free of oils and fats
- free of perfume additives
- taste- and odourless
- latex condom safe and suitable with sex toys

Stimulation and delay products

Sometimes a little extra is needed to enjoy sexual intercourse to its fullest. That's why we designed highly effective pjur sprays for different effects. The pjur product assortment offer intimate sprays for external application as performance sprays for men to prevent premature ejaculation, or stimulation sprays for women and men to arouse their libido.

Product Overview

Scene-specific products

For all friends and lovers of rubber, latex- und leather garments the range provides pjur CULT dressing aid and pjur® CULT Ultra Shine Spray for intense gloss with care effect to increase softness and durability of the fashion products. Two, that make a perfect team and are wellknown in the scene.

Hygiene products “med clean“

These products are special due to their non-alcoholic composition, suiting especially a soothing application on sensitive skin or mucous membranes. Ideal for gentle hygienic cleaning of the genital area.

- Non-alcoholic, unscented
- Reduces body odours and germs
- Reduces germs against lipophilic viruses, bacteria and fungi

Condoms

For many lovers, condoms are still the best choice when it comes to protecting both partners. Therefore we offer condoms with the unique pjur feeling and quality. For ultra sensitive and carefree one-on-one fun. Our condoms are made from natural rubber latex and can be used with any of our lubricants.

- super-sensitive
- coated with pjur silicone lubricant
- from natural rubber latexs.

pjur products are available in pharmacies, online shops, and erotic stores.
